## **Latest Ofsted Inspection**

Summary from Ofsted Inspection (Dec 2018)

### **Overall effectiveness Good**

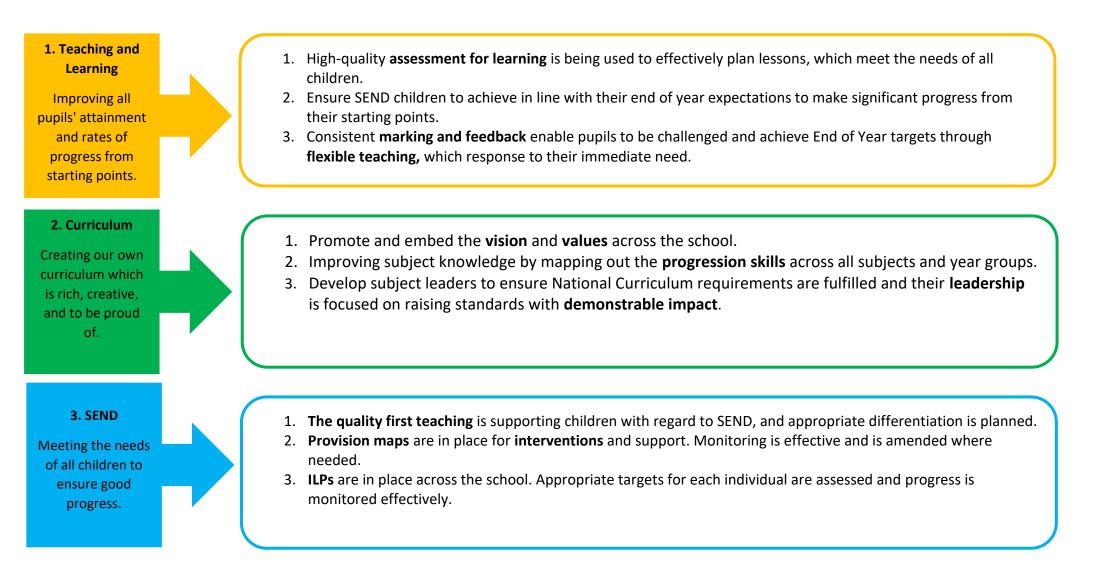

- Effectiveness of leadership and management
- Quality of teaching, learning and assessment
- Personal development, behaviour and welfare
- Outcomes for pupils

Requires Improvement Requires Improvement Requires Improvement Requires Improvement

### What does the school need to do to improve?

- 1. In some subjects, leaders have not yet precisely identified and sequenced the detailed knowledge that they want pupils to learn in the curriculum. This means that teachers do not always know exactly what knowledge needs to be taught and in what order. Leaders need to ensure that, across all subjects, the steps of knowledge that pupils should learn are coherently planned and sequenced from the beginning of early years.
- 2. Across subjects and the areas of learning in early years, curriculum implementation needs improving. Teachers do not consistently set ambitious activities that carefully match the planned curriculum. Therefore, pupils are not securely knowing more and remembering more. Leaders need to develop staff's expertise to effectively deliver the school's curriculum.
- 3. Leaders have not successfully established high expectations and clear routines for all pupils. This has led to inconsistencies in staff's behaviour management approaches. Consequently, the behaviour of some pupils disrupts the learning of others. Leaders need to ensure all staff have the highest of expectations for all pupils' behaviour and that leaders ensure there are clearly defined consequences to reinforce school rules.
- 4. Within the school's personal development programme some aspects are not coherently sequenced. Furthermore, pupils are not currently benefiting from abroad range of experiences. Leaders need to complete their revisions to the personal development curriculum and restart the full breadth of their planned offer.
- 5. Subject leaders do not have a clear oversight of how well pupils are learning the curriculum. Leaders need to provide training and create capacity for subject leaders to ensure the curriculum is implemented effectively and pupils attain highly.
