

Science

Children should have an understanding of the differences in the life cycles of birds, mammals, insects and amphibians.

Children should be able to describe the life process of reproduction in some plants and animals.

RE

Sacred – investigating the significance and importance of sacred places.

Music

Children will be taking part in recorder lessons with the Hampshire music service. They will be continuing their learning with the recorder from their lessons in Year 4.

French

The children will be beginning a new unit called “What’s the Time”.

PE

This term we will be beginning our focus on summer sports. Including: Athletics, outdoor adventurous learning and rounders.

MATHS

This term we will be revisiting multiplication and division. We will then be applying our knowledge to solve multi-step problems for all four operations including addition and subtraction.

We will also be revising translation and reflection and plotting coordinates in the first quadrant.

See me grow! Year 5 Summer 1 2023

ENGLISH

The Lost Words

Outcome: Poetry based on nature.

The Wilderness Wars

To support the text in English, an outdoor learning hook involving learning how to make a shelter by choosing from more than one design depending on the weather as well as skills such as tying knots.

Outcome: Article on den building or enjoying the wilderness.

PSHE

Students will begin a new unit called, ‘being my best’ with a focus on the students being independent and learning their responsibilities that come with their rights.

Computing

Digital Literacy: Childnet video competition. The challenge is to create a film that promotes positive use of the internet, which can help other young people stay safe online.

Art / DT

Students will be focussing on a unit of artwork inspired by Dali’s surrealism.

Culture Capital

Local pond dipping – Anton Lakes

Build a den – English hook lesson
